THE MAYO TRAIL FROM LOUISA TO PAINTSVILLE O. K.

Federal Authorities Approve Route, and Contract Will be Let.

Word was received in Louisa Tuesday from Mr. Posey, Division Engineer for the State Road Department, that the final and necessary approval had been made by the authorities at Washington for the route and survey of that portion of the Mayo Trail leading from Louisa to Paintsville. The route leads up Lick creek, touching the river for a distance of about three miles, then going up Gorges creek and through a gap to Tom's creek, thence to Paintsville.

It is believed the work will be advertised for letting in September, giving the successful bidder a chance to start the job this fall.

The grading on the Mayo Trail from Boyd county to Louisa is nearing completion and should be finished within 30 or 40 days. The worst delay is in the bridge work. The railroad strike has prevented materials being shipped in and the contractors are yet unable to get cement, crushed stone or slag, and other necessary materials.

Young Man Killed in Boyd County

A lunch of cheese, crackers and candies cost the life of William Goebel Rankins, 21, of Garner, late Thursday afternoon when he was accidentally shot with his own gun. Funeral services were held from the residence and burial in the Garner cemetery.

Sitting on the porch of the general store of George Leslie, near his home, Rankins was much in a lunched on cheese, crackers and candies. His spoon dropped to the ground. He stooped over to recover the spoon and his revolver fell from an inside pocket. The gun was discharged, sending the bullet crashing through his heart. Death was instantaneous.

Young Rankins is survived by his mother, Hiram Rankins, two sisters, Mrs. John Lambert and Mrs. Tom Enhart of Holden, W. Va., and one brother, Warren Rankins, of Garner. —Ashland Independent.

The portion between Paintsville and the Johnson county line was approved three weeks ago. It is thought the contracts for this section will be let in September.

Mrs. Ison was charged with first degree murder. The prosecution will try to show, that Akeman, a neighbor, riding past the Ison home, alighted from his horse and walked into the Ison home to get warm. Mrs. Ison asked him to make his exit, and as he turned to go shot him in the back.

Mrs. Ison will plead self-defense when the case is called for trial here next week.

Attempt to Wreck Twelve Pole Trestle

bold in the extreme was an attempt made Monday afternoon to blow up the Chesapeake & Ohio trestle across Twelve Pole creek, near Cedro, by three men who fled when they were discovered in the act of planting a case of dynamite on the western pylon. To it was attached a 90-foot fuse. A reward of \$1,000 is offered for information leading to the arrest and conviction of the guilty parties.

This is said to be the second or third attempt to destroy this trestle within recent weeks.

Sam Dock Smith, whose home is near the scene, reported that a fire six days ago he found the trestle afire, but stopped the blaze with sand.—Herald Dispatch.

Lueysville, Ky., Aug. 17.—Mrs. Woods Allen was shot and instantly killed yesterday on Middle creek, ten miles west of Prestonsburg.

Following the shooting, Morgan Sheppard, at whose home the shooting occurred, charged Woods Allen, the victim's husband, from whom she has been estranged, with the murder.

Thereupon Allen accused Sheppard with the crime.

Two shots were fired almost simultaneously, it is said.

A FIGHT DISTURBS MEETING.

Last Sunday Rev. J. W. Hall and Rev. Wm. Sparks preached to a large crowd at the Fluty graveyard in Martin county, near the Lawrence line on Tug river. A deputy sheriff appeared and Covy Sammons, one of the belligerents, made a dash for West Virginia, splashing through the river and reaching the other shore safely. The sheriff fired three shots but did not hit the man.

WOMAN KILLED IN TUG RIVER FRAY

Guilty of Murder in Second Degree

Charles Town, W. Va., August 17.—John Wilburn, 22 years old, union miner of Blair, W. Va., was found guilty of second degree murder at 8:20 last night by the jury which had been hearing the evidence since last Saturday, under indictment charging him with the killing of deputy sheriff Jno. C. Gore, of Logan county, last August, during the march of armed miners. The jury was out fifty minutes.

The verdict is the same as that returned against his father, Rev. Jamee E. Wilburn on the same charges, on June 12. The elder Wilburn is in jail here pending a ruling on his motion for a new trial. A similar motion was made last night for the young man.

FORMER WAYNE MAN DIES AT MOUNDSVILLE

Following a long illness from a complication of diseases Joseph Wellman, 55, former Wayne county man, died Wednesday of last week at his home in Moundsville, W. Va.

While he was a young man he was employed as assistant to his father, the late J. P. Wellman, of Wayne, who was county clerk for several years. After spending several years as clerk at the Moundsville state penitentiary, he went into business there.

R. R. STRIKE IS NOT SETTLED

The railroad strike appears to be far from settlement. The strikers are demanding that all men be returned to work at former wages, with their rights of seniority restored, which means that the older men in point of service have preference over all others in choice of positions, and so on down the line. This means that men who remained loyal to the roads and the new men who took work on promise of protection and permanent employment are to be displaced or reduced.

The railroad officials say they must keep their promises to these men or they could never again hope to get men to work in time of strike. They say if strikers can retain all rights in the face of the damage done to the public, the country is hopelessly in their hands.

Briefly stated this covers both sides of the case and it looks like a deadlock on the one important point of seniority rights.

NEXT MONDAY THE GREAT WEEK WILL START IN LOUISA

Home Coming, Centennial and County Fair Will Occupy Entire Week.

Daily Program and Variety of Amusements Provided. Something Doing All the Time. Great Opportunity to Meet Old Friends.

(By R. C. McClure)

Once again and for the last time, we come to you with our report of progress and congratulate our management that as a result of faithful service success is already assured. We have gone over the top with everything yet undertaken, and our prophecies have all come true, even to the getting of the band we most coveted—Kentucky Cardinal Band, Mayaville's Boy's Band, "Wonder of the Age."

It will be worth the price of any ticket yet sold just to hear these "chaps" play "Old Kentucky Home" one time; we have given you the best music that could be had in the State, a band that has just played at the Kentucky Bluegrass Fair at Lexington; that has been engaged to play at the State Fair at Louville September 11 to 16, that has been engaged to play at the Ohio State Fair, in itself an attraction for our Louisa and Lawrence county people worthy of the occasion.

Let us all be magnanimous just for a week, let us be self-sacrificing next week, willing to give up in favor of the more imperative object of duty that we give our guests, and, after it is over, send them away with the happiest recollections of a lifetime, glad they came.

"To live in hearts we leave behind not to die."

Everybody Decorate.

WHY IT SUCCEEDS

BECAUSE IT'S FOR ONE THING ONLY, AND LOUISA PEOPLE APPRECIATE THIS.

Nothing can be good for everything. Doing one thing well brings success. Donn's Kidney Pills are for one thing only.

For weak or disordered kidneys. There is Louisa evidence to prove their worth.

Joseph Payne, traveling salesman, Lock Ave., says: "I use Doan's Kidney Pills now and then when my kidneys get out of order or my back gets to hurting and they always relieve me. I have at times been down pretty bad with my back; this broke my rest and next morning I arose feeling more tired than before going to bed through loss of sleep. I always resort to Doan's Kidney Pills when I feel any of these symptoms and they soon 'xed me up all right. I haven't been bothered with my kidneys in quite a g time, and I give Doan's the credit for curing me."

HORSE COMING BACK, VIEW OF LEATHER MEN

"The horse is coming back," was the message brought to Louisa by the thirty-sixth annual convention of the National Harness Manufacturers and Leather Goods Dealers' Association of the United States in session this week. "Not that the automobile will be displaced, but that there is a field of usefulness for both, and that the horse can not be economically replaced by motor-propelled vehicles for running purposes," as one delegate put it.

An Even Greater Master of The Highway

\$2195
F. O. B. Detroit

The New Series Paige 6-66 chassis, carrying improvements and refinements that mark still another mile post in automotive design and craftsmanship, is now ready.

The New Paige is the latest product of an organization that has been specializing for years in quality sizes, with every year registering a distinct engineering and manufacturing advance. It is a great car made greater.

The New Paige clutch is, we believe, the greatest single advance ever made in clutch development, and permits quiet gear manipulation in conditions you have never considered possible. And the New Paige transmission completes the pure delight of speed changing by making it possible by the pressure of a finger.

Complete snubber equipment, fore and aft, is another added perfection. The New Series Paige simply floats its passengers over the roughest roads a motorist may find.

Two additional cross members further stiffen the titanic strength of the frame. Axles are Timken—the best that money can buy. And in this perfected chassis pulsates the great 70-horsepower motor. The 6-66 chassis is a proven unit of dependability. The Daytona Model holds every world's stock chassis speedway record from five to 100 miles.

The Master of the Highway is ready for another year of supreme service. Come in and see this distinguished and perfected series of motor cars.

DEMOCRATIC TICKET.

For Congress—W. J. Fields.

Welcome to the Home Comers!

The Senate has passed the new tariff bill carrying the highest rates ever known. The bill now goes to conference where the differences with the House will be compromised. Nothing else matters now. Congress has done its worst.

A Home Coming event, calling for the largest degree of hospitality possible, is a good experience for any community that will enter into it in the right spirit, and Louisa is doing that. Our homes will be thrown open to old friends. No cold formality will find a place here next week. There will be a happy holiday spirit pervading everybody. The keys to the city will be turned over to the visitors and there will be "joy unconfined."

A bold attempt was made Sunday night to blow up a C. & O. railroad bridge crossing Fourpole creek between Ceredo and Ashland. A case of dynamite and a long fuse were found planted by one of the piers and three men ran from the scene when the discovery was made.

Three trains have been wrecked recently, the work of friends, and a number of innocent people perished. The United States is getting more like Russia every day.

Recently the big daily newspapers have awakened to the fact that the public has rights superior to railroad men and coal men. It matters not whether the operators or the employees are to blame for the outrageous loss of business and the suffering caused by hampering transportation and fuel. All together they comprise only a small percentage of the people and they should be made subservient to the general public in matters so essential to the common welfare. Every man who can not see this responsibility should be forced out of these lines of business. The public has the power to do it and some day will assert that power. The situation is getting almost unbearable even now. Men who are so absorbed in their own greedy game that they care nothing about the rights or lives of their fellow citizens are unfit to serve in any capacity involving public service, direct or indirect.

TARIFF BLOW TO INDUSTRY.
Louisa, Ky., August 21.—The tariff bill recently passed by the Senate was denounced as a serious blow to industry, "because it will result in an increase in prices to everybody and a serious injury to trade with other nations," by Nicholas Doskar, Vice President of the National Bank of Kentucky, in an address on "The Financial Situation" delivered here today at the opening of the annual convention of National Harness Goods Manufacturers and Leather Goods Dealers' Association. "To reach the cycle of prosperity which should follow a revival we, as the creditor nation of the world, must have trade with other nations," said Mr. Doskar. "In spite of this the Senate has passed a tariff which is the highest in the history of the country and a death blow to the thing needed to further the interest of business."

The State Board of Election Commissioners met today to canvass returns from the primary of August 5.

Certificates of nomination were awarded to the following candidates for Congress: W. O. Moats, Republican, Third District; J. C. Cantrell, Democrat, Seventh District; E. H. Kinead, Republican, Eighth District; W. J. Fields, Democrat, Ninth District; J. H. Stricklin, Republican, Ninth District; F. T. Hatcher, Democrat, Tenth District; John W. Langley, Republican, Tenth District.

HALE-WALLER.
The many friends of both parties will be interested in the announcement of the marriage of Miss Ethel Jean Hale, daughter of Mr. and Mrs. Bascom Hale of Bluefield, W. Va., and Claude Raymond Waller of Ivanhoe, Va., which took place at Princeton, W. Va., August 19.

Mrs. Waller is popular among the young people of this city and has a host of friends who wish her good luck. The groom is well and favorably known and holds a position with the Bluefield Telephone Company. The happy couple will make their home in Bluefield at the present. They have gone to Baltimore, Md., where they will spend their honeymoon of two weeks. The Telegraph joins in congratulations and wishes for a long, useful and happy voyage on the matrimonial sea.—Bluefield Daily Telegraph.

HOME COMING WEEK

(Continued from page one)

Poppy Day Program.
On Tuesday of next week, Mr. Fred M. Vinson, as chairman for Lawrence county, will present the proposition to establish a national university as a memorial to soldiers of the World war. Lawrence county's quota is \$481, one dollar for each man in the service. It is a most laudable undertaking.

County Fair Week.

A combination of Home Coming Week, Centennial Celebration and County Fair will be put on at Louisa next Monday morning, each in turn to enter largely into the gala activities of the week, all of which have been duly advertised in our 36-page booklet; and we have one of these for most every family in the county, your fault if you do not get it. They will be given away here at Louisa during the week. Get one early and inform yourself as to what we are putting on for the entertainment of our visiting kith and kin, long absent friends, guests of the week.

The county fair feature will begin on Thursday and continue thru Saturday, during which days live stock and poultry shows will be put on, attractions of interest to our farmer friends who are in the agricultural business, and our guests for the week. Added to this, our good women are going to have their department called the Woman's Department, and will have an exhibition their handiwork, and it will be great and most attractive. It will make you hungry to look at the jelly, pickles, butter, etc., that they are going to bring. A baby show on Friday will be most interesting. Many a winsome mother with a pretty baby will be here, an attraction hard to beat.

Let our farmer brethren of Lawrence county and their good wives see to it that their part of the show goes just a little beyond any previous effort, beats any county fair had yet. We are exceedingly anxious that our former Lawrence county folks from afar shall carry back with them exalted ideas of our achievements in agriculture, with the introduction of scientific farming.

The Lord's Day, Sunday, Sept. 3.

We are sorry that we cannot give you details of the program for Sunday, Sept. 3, but they have not been completed yet. We were disappointed in not getting Mr. W. J. Bryan, but he had other engagements and could not come, but we will have men of National reputation on Sunday. Special services will be held in the four churches of Louisa, Sunday schools in the morning and preaching both morning and evening. Let everybody go to church. Music will be special.

Public Speaking.

In addition to speakers already announced, responding to address of welcome, we add this week, the halne three. Neither of these gentlemen has yet been invited, but they are now. Had so many favorite sons among those for whom we are going to kill the "fatted calf" that it was hard to decide. They are Hon. J. W. M. Stewart, Dr. William B. McClure and Major R. F. Thomas. These boys need no introduction to our people and we shall expect from them a good report of themselves and expressions of their appreciation of the hearty welcome we are extending to the old home town, and just how glad they are to get back once more to see us, to say nothing of their appreciation of the fried chicken that they well know we have, or are going to have for them and other visiting friends.

Everybody Smiles.

Finally: Let everybody put on a smile that will not come off for a week and on Monday morning, bright and early, get out and indulge a little vigorous handshaking, fill the fresh morning air with hearty greetings of "welcome home" and expressions of brotherly affection; show these "folks" that have wandered away into more lucrative fields of endeavor that we appreciate their presence at our Home Coming Week celebration; and when the band plays "Old Kentucky Home," as it will each day during the week, and several times a day, let us join heartily with a warm applause, and if we drown the first few notes with our fuses, it will be all right, it will not be mistake in the minds of our visiting ex-Kentuckians as to the regard in which our fair state is still held.

Death Of Mrs. N. Johnson.

A broken neck received at 11 a. m.

Sunday when the car in which she

her husband and baby were motoring to Canada, overturned near Delaware, O., caused the instant death of Mrs. Newton Johnson, who was Miss Barbara Philips before marriage, of Ironon.

Mrs. Johnson was a niece of Edgar Philips of Ashland. She is survived by her husband, who is the son of A. H. Johnson, her 5 months old baby, her parents and five brothers.

Among The Sick.

Mrs. J. A. Scott of Pikeville is at the Ashland General hospital with her son, Frank, who is ill with typhoid fever.

Lindsey Webb of Overda has returned to his home after having recovered from an operation at the King's Daughters' hospital.

Gussets From Toledo.

Misses Alma and Adah Johnson and their brother Nichols of Toledo are guests at the home of Mr. and Mrs. John Kinner of Oakland Place. Several weeks ago their mother, a sister of John Kinner's was brought here for burial and these, her children, are to visit here until September when they return to Toledo where an aunt goes to keep a home for them.

Local and Personal.

Dr. and Mrs. George McClinton of Cincinnati, are the guests of the former's aunt, Miss Lida Brown, at her home on Seymour street.

Miss Elizabeth Yates, who has been

a very attractive guest in Catlettsburg with friends and relatives has returned to her home in Louisa.

Miss Bessie Burns has accepted the

position in the Catlettsburg Winter

Company's office, vacated by Miss Cora McGlothlin, who has gone to the

Farmers and Merchants Bank to ac-

cept the position as stenographer and

assistant.

Mrs. W. T. Ferguson, the clerk at the Boyd County Electric office is enjoy-

ing a two weeks vacation.

Dr. H. H. Collins, who underwent an

operation for gall stones, is improving.

Moffett Home Rents.

Mrs. J. A. Moffett has rented her beautiful home on Oakland avenue to Mrs. Louis McComb and daughter, Mrs. Mary Louise Hooper of Huntington. Mrs. Moffett returns to Huntington to reside at the Farr hotel, of which Mr. Moffett is manager.

Attended Tea.

Miss Mary Louise Emerick and guests, Miss Olga May of Prestonsburg and Misses Martha and Elizabeth Yates, and Dorothy Spencer of Louisa were in Ashland attending a tea given at the home of Mr. and Mrs. Lou Davis, the hostess of the afternoon being their attractive daughter, Miss Lillian Davies.

See us at once for full particulars.

The Ford Cnr long ago passed the experimental stage and now with the many improvements such as One Man Top, Ventilating Windshield, Highly Polished Crank Shaft, Very Light and Oil-Proof Pistons, and many others that assure a smooth and even running motor is by far a better investment and is selling for less than at any time in the history of the car.

We will have at least one of these

cars on display at our show room all

during the Home Coming and Centen-

ial and will be glad to demonstrate

this car for your benefit.

IN MEMORY

Francis M. Thompson died at his home near Fort Gay, W. Va., July 7, 1922, age 65 years, 9 months and 29 days old. He leaves to mourn his loss a companion and six children, vis: Sam, Gertrude, Sadie, Elsie, Jake and Amos, all grown and married. Also, two sisters and one brother and a host of friends and relatives.

"Uncle Frank," as he was commonly called, had been a consistent Christian for 45 years. He was fully reconciled during his last days and had no fear of the future. We will miss him from our home, but we believe our loss has been his great gain.

A good citizen, a kind neighbor and a devoted husband and father has gone to be with Him who said, "Well done, good and faithful servant thou hast been faithful over a few things. I will make thee ruler over many things, enter thou into the joy of thy Lord."

Thus against the gates of Heaven have opened to receive a redeemed soul with work all done and suffering ended.

By the passing away of our dear father the world becomes more lonely and less attractive, and Heaven sweet er and more to be desired. He is now in the presence of his Master, while we are longing for the reunion. Let us work and pray that soon He will come again to receive us unto Himself and that where He is we may be also.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Roble, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

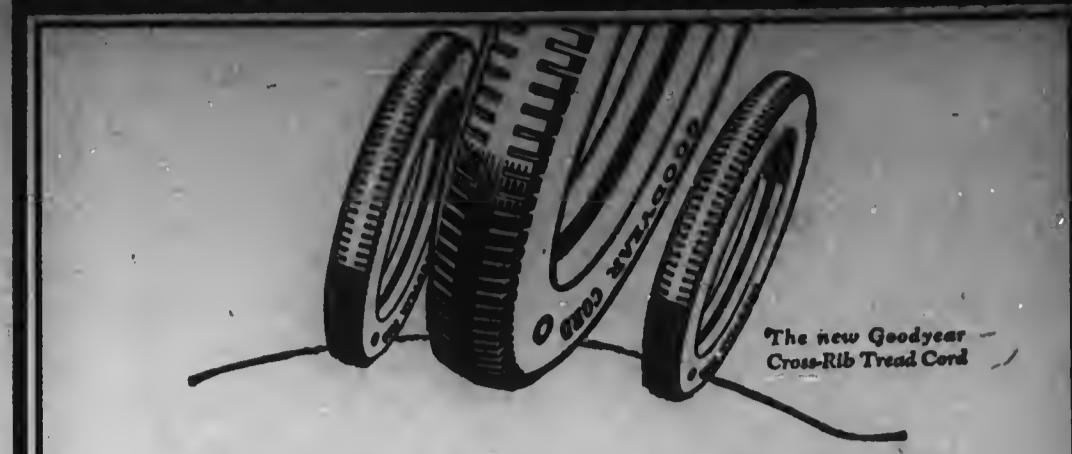

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial, and took several bottles, and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Roble mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

Thinking About The Curtains And Draperies For The Home In Fall and Winter

You will find in our Drapery Department, lace, madras, marquisettes, the new nets, and other kinds of curtains—very moderately priced. And the most cheery-tone cretonnes, the heavier velours, and the popular sunfast materials.

Visit our Drapery Department with its many suggestive ideas as to the newer interior drapery effects—even if you do not wish to purchase at this time, you may find some color scheme, material used in a new way or how to economize by using some of your old draperies by giving them a little touch of new color.

Our expert decorator is ready to advise with you and to plan and execute the latest and most harmonious decorative schemes, whether it be one room or the entire house, and will be pleased to give you estimates without charge.

Brenlin'

the long-wearing window shade material

They are really the logical kind to buy, if for no other reason than that they outwear the ordinary shades. That is why they are the choice of thrifty housekeepers who wish to practice economy; why they are selected by analytical buyers for huge skyscrapers and mighty institutions; why they are seen everywhere in well-to-do homes where beauty is considered first; and why they will save you money as well as improve the appearance of your windows.

BRENLIN Window Shades are made of a different material—a closely woven cloth without that filling of chalk which in the ordinary shade soon cracks and falls out in unsightly streaks and pinholes. Sun won't fade them nor water spot them. We can furnish you with Brenlins in many rich, harmonizing tones and in Brenlin Duplex.

We would be pleased to submit you a collection of harmonious colorings and an estimate of cost for one or all your windows.

If He Should Come.

By Edward Markham

If Jesus should tramp the streets to-night,

Storm-beaten and hungry for bread, Seeking a room and a candle light,

And a clean though humble bed,

Who would welcome the Workman in, Though He came with panting breath,

His hands all bruised and His garments thin—

This Workman from Nazareth?

Would rich folks hurry to bind His bruiser,

And shelter His stricken form?

Would they take God in with His muddy shoes

Out of the pitiless storm?

Are they not too busy wreathing their flowers

Or heaping their golden store—

Too busy chasing the bubble hours

For the poor man's God at the door?

And if He should come where churchmen bow,

Forgetting the greater sin,

Would He pause with a light on His wounded brow,

Would He turn and enter in?

And what would He think of their creeds so dim,

Of their weak, uplifted hands,

Of their foolish prayers going up to Him

Out of a thousand lands?

We, all of us, have spells of thinking that we are rather abused, that life hasn't given us a fair chance and a lot of other vain imaginings. The best cure for this is to visit the slums in some city and find out how those children get their start. They never see a green field; they only get an occasional peck at the blue sky between the canyons of the tenement houses. The best play house they have is the fire-escape. Their feet are hardened by rough pavements and cobble stones and the only green things they see are the flowers in the florist windows or the vegetables on the truck drivers' carts.

Consider your own boyhood? How does it compare with this. Beyond a doubt you had wide fields to run in and plenty of wholesome fresh country air to breathe. You could lie on your back by the hour and build castles in the clouds. Evil was a thing unknown to you until you were old enough to meet it with the teachings of a good mother.

Often all those blessings, you feel that you have not had a fair start in life. Compared with the poor little city chaps you should be one of the king of the earth.

Adversity is sometimes a fine thing to bring out the stuff that is in you but the wrong kind of living conditions is not necessarily a form of adversity and they have never been known to bring forth anything good.

Children raised in the slums who become useful and conscientious citizens are so in spite of their conditions and not because of them. They deserve ten times the credit that their country brother should have and in case of failure, about one tenth as much blame.

It is human to become disengaged after failure. One's self-confidence is weakened and one's pride is hurt. It is easy to get the feeling that success was not intended for you. If you allow that feeling to gain a hold on you,

RIGHT TIME TO ENTER

Now while business is dull is the best time to enter a business school, because it will enable you to finish just about the time business is picking up. If you do not have the money at hand, it will pay you to borrow, so as to be ready at the right time.

TUITION

Our tuition is payable at the beginning of each month, and we do not accept tuition more than one month in advance. The following are our monthly rates: \$16 first month; \$14 second month; \$12 third month; \$10 fourth and any succeeding months. Can you beat that for price and terms anywhere?

POSITIONS

Even during these times of business depression, we are having more calls for bookkeepers and stenographers than we can supply. Just think what it will mean when business revives. We do not charge for placing our pupils in positions.

SALARIES

We are placing our pupils in positions today which pay almost double what they were paying seven years ago. Ordinarily the first month's salary pays back what your course with us cost you. Just think what a splendid value you are getting for your money!

TEACHERS

Our teachers are all specialists in the line of work they teach and hold diplomas to show their preparation. They have done actual bookkeeping and stenographic work which makes their teaching very practical. This is a special advantage we are offering.

DIPLOMAS

We do not charge for our diplomas. When a pupil has passed our requirements we give him a diploma free of charge. That makes our diploma a gilt-edge recommendation to a business man.

DORMITORY AND RESTAURANT

We have a dormitory for girls in the school building and charge only \$8 a month for rooms, where girls are looked after as carefully as they would be at their own homes. We have a dining room in the school building where our pupils get meals at very reasonable rates.

FALL TERM OPENS.

Now we have laid the main facts before you. All you have to do is to make your arrangements and be here ready to enroll the week of September 4 and be ready for work September 11. We can take care of you on a moment's notice, and are ready and willing to work hard to prepare you for a fine position.
